

# Call Scheduler™

... the **Right Provider, Right Place, Right Time!**

## Whiteboard

- The Scheduling Assistant helps you create a schedule with assignments that are evenly and fairly distributed.
- Utilizing the Whiteboard feature allows call center, answering services, or anyone you authorize, to view the completed schedule on-line.
- Access your account from any computer connected to the Internet to create a schedule, view schedules and make requests.

- Create and edit your schedule quickly and accurately while referencing the Tally Box for accuracy and fairness.
- Use any of the several standard reports for publishing schedules or for call scheduling management.
- Providers have the ability to utilize our on-line request area for requesting Vacations, Days Off, Swaps and more.
